

MINIMIZING THE IMPACT

That's how we **GLOVE** the **PLANET**[®]

GLOVE the **PLANET**[®]
www.GlovethePlanet.com

Glove the Planet[®] is Sempermed USA Inc.'s commitment to reducing our environmental impact. By thinking ahead and consuming less we're able to do more to minimize our global footprint with every step we take. Our ethos of sustainability drives innovative production and distribution practices that lead to greater efficiencies, resulting in less waste, reduced emissions, and a healthier planet for future generations. To learn more, visit GlovethePlanet.com.

$$\begin{matrix} \uparrow & & + & & \downarrow & & + & & \uparrow & & + & & \downarrow & & = & & \uparrow \\ \text{More Gloves} & & & & \text{Packaging} & & & & \text{Storage} & & & & \text{Restocking} & & & & \text{\$\$\$ Saved!} \\ \text{per Box} & & & & \text{Waste} & & & & \text{Efficiency} & & & & \text{Frequency} & & & & \end{matrix}$$

By packaging 200, 250, and now 300 gloves instead of the usual 100 gloves per box for our most popular nitrile exam products, we help you save time and money that would otherwise be spent on restocking your glove supply. With more product in every box, you'll also be able to make more efficient use of your storage space. And, fewer boxes mean less waste, less mess and fewer trips to the trash!

$$\begin{matrix} \downarrow & & + & & \uparrow & & = & & \text{Tree Icon} & & \\ \text{Paper} & & & & \text{Use of Recycled} & & & & & & \text{3,433 Trees Still Standing!} \\ \text{Consumption} & & & & \text{Materials} & & & & & & \end{matrix}$$

Through the packaging method described above, we also use less paper, resulting in fewer trees being harvested to package our popular nitrile exam products. Combine that with the recycled materials we use in creating packaging for many of our other products, and that's a lot of trees left standing. We save 3,433 of them by using environmentally friendly recycled and efficient packaging for our top nitrile products alone. If you'd like to help us save even more paper, please join us in using our paperless (electronic) ordering system!

$$\begin{matrix} \downarrow & & + & & \uparrow & & = & & \text{Car Icon} & & \\ \text{Trips} & & & & \text{Use of Slow-} & & & & & & \text{62,115 Cars Off the Road!} \\ \text{Required} & & & & \text{Steaming} & & & & & & \end{matrix}$$

More efficient packaging methods mean fewer trips are required to ship the same amount of Sempermed product. And we use slow-steaming vessels which emit less carbon dioxide than traditional steaming vessels. This means we can deliver the hand protection you need, while reducing our carbon emissions by over 357,000 Metric Tons per year. That's the equivalent of taking over 62,115 cars off the road for a year!

Thank you for helping us **Glove the Planet!**
